

Other Photographs to think about: Cakes and Flowers are two of the things you may want to preserve images of for the future. Please give some thought to images you may want to have saved for your children – or friends and relatives who could not make it to your ceremony. Think also of old or infirm people who you may not have around in the future and who you may want to remember at your wedding.

**Finally: Remember that this is YOUR day and the images we capture for you are what you have asked us to take – so please make sure you make a list of anything important so that we can do our best to include it for you.**

# Heart of Wales Photography

An affordable photographic service for (almost) every occasion.

[www.philipcurnow.co.uk](http://www.philipcurnow.co.uk)

[www.heartofwalesphotography.co.uk](http://www.heartofwalesphotography.co.uk)

or telephone:

01686 688235

Bryn-y-Groes, Aberhafesp,  
Newtown, Powys, SY16 3JQ.

Please save this, print it out and make notes where appropriate to help you plan the photographic part of your wedding day.

Ideally, it would help if you could scan your notes and email them back to us at: [weddings@heartofwalesphotography.com](mailto:weddings@heartofwalesphotography.com)

**Group Photographs:** There are very few weddings where we are NOT asked to take group photographs – so please spend some time beforehand thinking about who you want in them and where you want them taken – and remember to tell your guests that that they need to look at the camera, not each other.

.....  
.....  
.....

**Photographs Before the Wedding: Think about what sort of photographs you want (if any) of all participants getting ready before the wedding – and make notes of what you want.**

.....  
.....  
.....  
.....  
.....

**Once you get to the venue where the wedding is going to take place, what photographs do you want to be taken outside ?**

.....  
.....  
.....  
.....

**Inside: Please check that we can take photographs inside, during the service – please explain that as we respect the sanctity of a wedding ceremony, we don't wish to use flash during any service. Notes are always a good idea !**

.....  
.....  
.....  
.....  
.....

**After the ceremony: are there specific photos that you want – and who do you want in them ?**

.....  
.....  
.....  
.....

**Dinner and Speeches. Are we photographing them for you ? If so, are there specific things you want covered if we can ? Please remember that as the day goes on, alcohol can affect the looks and behaviour of your guests - we can not take responsibility if some guests are impossible to photograph !**

.....  
.....  
.....  
.....

**Dance and Party: We are normally asked to photograph up to the First Dance. If you can let us know what you want as far as photography in the evening is concerned, this is always helpful.**
